Message from Under 2's

During the school holidays under twos and over twos enjoyed being together. As music and dance has been an emerging interest among under twos, therefore they enjoyed shaking their legs on the music played. Their excitement was evident while they danced with the older ones. Under twos and over twos got to know each other during this month and enhanced their social skills. Moreover, they enjoyed a lot of colouring and painting activities hence, giving a boost to their fine motor and sensory skills.

Message from over 2's

We welcome Panav, Eileen and Niamat as our over two children in the Little Feet family. Over two children also enjoyed a bond with the under two children during the two weeks school break. They loved dancing to the songs and watched a range of movies. They experienced some activities where they used natural resources and shared their views with their friends. Painting and other craft activities were the main highlights for this month and children loved their own creations.
