7th Oct – 11th Oct

What are we Learning?

- ♠ Respecting each other's and our environment.
- ♠ Building relationship with everyone. Valuing and appreciate all culture

Message from under 2's

This month in the Tui Room, we have celebrated various Language Weeks. The children were involved in many art activities, dressing up and learning new songs & dances. We are focusing on self-help skills at the moment with many children interested in feeding themselves and getting themselves dressed.

Message from over 2's

A big kiwi Room welcome to our new children that started this month. We had a cultural month. This month, celebrating Tongan Language Week as well as Chinese Language Week. The children and staff enjoyed celebrating learning and sharing of these cultures. A big thank you to the parents that helped us during these Language Weeks. Our learning is moving towards animals & blocks, so the children are having fun engaging in new learning adventures.

Message from over 3's

A lot has been happening in the Pukeko Room this month- celebrating Language weeks (Tonga and Chinese); we are also continuing enhancing and supporting our tamariki's learning interests arising. Some our focuses in our room is working together with parents to prepare children for primary school; learning to keep themselves and others safe and developing their leadership skills. Some of the activities you can do at home with your child are:

- ♥ Having various writing tools are available for your child to practice pencil grip.
- ♥ Getting them to be a part of decision making
- ♥ Talk about safety rules i.e. stranger danger; Listening to children's ideas and questions and encourage them to feel positive about themselves; understanding of the reasons for rules about acceptable behavior by being consistent and manageable behavior by being consistent and manageable expectations and boundaries are set (talk to them how to manage their feelings when make choices and decisions and when dealing with the conflict.
