Over 2's & Under Two's Message

The month of December started with a lot of excitement for over two and under two children. Our tamariki celebrated Christmas with great enthusiasm alongside their parents and whānau. Tamariki participated in various activities to mark the importance of this special day such as painting bells, stars, Christmas tree and rehearsed for the show. Their confidence was very much evident in their performances during the show. Children showed their excitement to receive Christmas present from Santa.

Due to the ongoing school holidays and less turn out of children, over two and under two children experienced Tuakana-Teina as they together explored the inside and outside play area.
