### Reminder:

Children will be dropped off and picked up by whanau from the signing table inside. As discussed in the Parents Meeting, parents are requested to assist their children to bring out their own lunch boxes and water bottle and put them nicely on the food trolley. Bags will also be put inside their cubby holes.; and same during pick up time, that parents assist children pack their own bags. This supports the children's self-help learning. Whanau are also reminded to sign in visitor book or Scan QR CODE.

## Over 2's & Under 2's Message

### Over two:

Over two children have showed wonderful interest in What lives in Water. With Kaiako, students were able to explore a huge water life activities through reading books and researching from internet. A particular interest in Sharks was noticed and more information was researched about the types, of sharks and their living styles in the sea. It has been a beautiful experience for all of us where Kaiako and tamariki learned some surprising facts about sharks. We had a magnificent celebration of Matariki where Kaiako and Tamariki had some awesome experiences by doing activities such as painting, making and decorating stars, and children were informed about the significance of Matariki to the Maori and people of Aotearoa. Children had some great learning experience during this time. Literacy and numeracy learning is happening for the over twos' to prepare them for school. A lot of self -help skills are encouraged in children.

### Under 2:

During this month children in Under Two had a lot of exploration with paint as they love messy play. This has given boost to their fine motor skills, enhanced their sensory skills and strengthened their hand and eye coordination. Music and movement have always been their favorite. Now they have started dancing holding ribbons by rolling and moving them around. This gives them an opportunity to use their large motor skills as they are jumping, stomping and running on the spot. We also welcome a new child Darvin Maret who has settled in the under two room really well.

### Our Staff

*Araadhana, Reena,  
Rupmani, Srishti,  
Shweta, Anushal  
and Jerilyn*

### Birthday of Our Little Stars

*Gurupreet Havish  
Rutvik  
Gurmaan  
Pavleen  
Athena*

### Our New Learners

*Darvin Maret*
